POLICY TITLE: SCHOOL BOARD MEETINGS

Medford Area Public School District Board of Education meetings are the backbone of the educational leadership pattern. It is here that educational laymen give consideration to the recommendations and reports of its executive officer, the district administrator.

The board of education may transact business only when it is in regular or special session with a quorum present. Proceedings must be recorded in meeting minutes.

It is the intent of the board of education that meetings shall be formal enough for orderly procedure but informal enough to be natural, encourage free discussion and promote critical thinking and action.

The board of education shall meet each month. Sufficient public notice shall be given as to the meeting date, time, place and subject matter in accordance with state law.

Board of education members are expected to notify the president or district administrator if they are unable to attend a meeting.

All meetings of the board of education shall be open to the public and press, unless otherwise legally noticed.
