MEDFORD AREA PUBLIC SCHOOL DISTRICT

DATE ADOPTED:	December 19, 1991	FILE SECTOR: SUPPORT SERVICES
DATE REVISED:	March 19, 1998	POLICY TITLE: EMERGENCY PLANS
DATE REVISED:	December 16, 2004	
DATE REVISED:	January 17, 2013	
DATE REVISED:	August 21, 2014	
DATE REVISED:	August 18, 2016	

Medford Area Public School District Board of Education recognizes its responsibility to provide facilities, equipment and training that may minimize the effects of disasters. The administration shall have a district safety response plan which will serve as an educational tool and a reference for emergency measures. The district safety response plan should provide as much protection as possible for students and should provide adequate instruction so that the school district safety response plan may be carried out as efficiently as possible.

The district administrator, or his/her designee, shall be directed to develop safety plans for evacuating the buildings during fire and other emergencies, for lock downs, and for using the buildings for shelter in the safest manner possible during extremely inclement weather.

Drills shall be held in accordance with state law to implement such plans and to allow for order and efficiency in the event of building evacuations or weather emergencies.

A record of fire drills shall be maintained at the district office.

This policy will be reviewed annually.
