DATE REVISED:	October 30, 2023		

In accordance with the charter and associated shared service agreements, consortium students attending the Rural Virtual Academy (RVA) are allowed to enroll in regular school day courses, and co-curricular activities within the consortium school district they reside. These shared opportunities include:

- RVA consortium students are allowed to take academic classes in-building within the consortium school district. A full-time RVA student will be permitted to take a minimum of two (2) but no more than half of their classes in-building and still remain considered a full-time RVA student. The maximum limit of allowable classes taken in-building by an RVA consortium student is determined by consortium school board policy or procedures.
- RVA consortium students who need to complete state mandated academic examinations will do so within their consortium district.
- RVA consortium students are allowed to participate in both district-based and WIAA sanctioned extra and co-curriculars under the same expectations outlined in the local athletic and co-curricular code of conducts for all other students in the consortium district.
- RVA consortium students who need to receive academic intervention or related services are allowed to receive those services in-person within the consortium district.
- RVA consortium students with Individual Education Plans (IEP's) will have the determination, programming, and management of those IEP's retained within their consortium district.

In order to enroll in regular school day courses or co-curricular activities, the following conditions must be met:

- The student has met all standards for admission to the school established by the consortium school district.
- The student has satisfied any prerequisites and/or entrance requirements for the course(s) they wish to take.
- The student must reside in the consortium school district where the courses are being taken.

- Sufficient space is available in the classroom(s) as determined by the consortium school district.
- The decision has been mutually agreed upon by the student's parent(s)/guardian(s), RVA Administrator or designee and consortium school district's building principal.
- Transportation is the responsibility of the parent(s)/guardian(s); however, shared enrollment students may ride their school district's bus if their schedules and routes coincide with the students' schedule. Bus routes and schedules will not be changed to accommodate shared enrollment students.
- RVA students may participate in co-curricular activities, including athletics (WIAA regulated or not) in their resident district, with prior signed approval from the consortium district's building principal on the "RVA Co-Curricular Participation Form". Final determination of participation in any co-curricular activity will be made by that consortium district's building principal or designee. Students participating in those district activities will be subject to those policies and procedures governing participation and eligibility.
