Good Morning,

I have decided to work closer to home this next fall and will not be returning to MAES. The office had me keep the laptop all summer in expectation that I would return. Where and when can I drop this off? Thank you for a wonderful experience in your school.

Sincerely,

Rebecca Steiner

Hi Ryan,

I enjoy my time as a tennis coach and due to the high number of tennis players (45 currently) and the school district not hiring an additional coach I am willing to be a volunteer coach for the benefit of the girls high school tennis program. Please accept this as my resignation & let me know if you need anything else from me as a volunteer coach.
Thank you!

Hello,

I hope your summer is going well. This is the hardest email I have ever sent but I will not be returning to Medford when school starts. I absolutely love my job and this school district but I can't financially make it work. I'm sincerely going to miss everyone. I can stop Thursday to drop off my keys and Chromebook. I will need to know how long I will be able to keep the insurance.

Thank you Mr. Joe and Jodi for helping me be a better paraprofessional with the experience of working with you. I will never forget my time at Medford.

Yous in education,

Annette Dassow

She actually just reached out to me yesterday. I told her we would accept her placement and she will be working with Ashley Jochimsen McCarron.

I also went in and completed the PCE Mentor Teacher Nomination Form.

Thanks for your help! 😊

PROMOTIONS/SPECIALS/NEW PRODUCTS INTRODUCED

I have been in contact with our local farms that provide us with fresh produce. We will start to see deliveries in September from Cat-Tail Organics, Stoney Acres Farm and Rock Ridge Orchard. I also had a teacher at MAMS ask me if we would be willing to use lettuce that his class grew in the HYDROPONIC system, ABSOLUTELY!!! Looking forward to that of course.

I attended a conference in Milwaukee with K12 Managers, Chefs, and fellow Directors. Where we learned of new items being offered, very excited to try them out this coming school year.

TEAM EDUCATION/TRAINING/IN-SERVICES/MEETINGS/UPDATES

Monthly safety training was completed which covered Chemical safety

As you see a huge drop in the meal count. Covid rules are no longer in place, so friends eating during our summer lunch program had to stay at site to eat. This has drastically changed the amount of participation.

OTHER

Working on updated inventory sheets, production records, BeWell implementation back to school meeting with employees that include civil right training and employee training for preventive maintenance with kitchen equipment.

RE: MEDFORD ELEMENTARY SCHOOL – GYMNASIUM FLOOR REPLACEMENT - UPDATED

Dear Adam:

Our **PROPOSAL** to **REPAIR** maple flooring in the water damaged area in **2024**.

- Remove water damaged maple flooring in an approximate 8' x 14' area.
- Remove and reinstall existing wood base.
- Owner to supply maple flooring.
- Sand, seal and finish repair area using Waterbased Polyurethane Gym finish

Work to be done on a **time, material and expense basis** at labor rate of \$125.00 per man hour approximately **\$7,450.00**.

Our **PROPOSAL** to remove existing gym flooring and installation of a new wood flooring system with work to be done in **2025** is broken down as follows:

To remove existing flooring:

- Provide dumpsters for disposal of flooring.
- Labor to remove non-asbestos existing Griptite flooring and wall base (2 trips).

ADD. \$44,292.00 without tax

Detach, move and reattach bleachers during floor removal and installation phases (2 trips), **ADD. . . . \$4,350.00**

To furnish and install **Robbins Eclipse SB** Wood Flooring System (System height approximately 1 3/4") shall include:

- 6 mil polyethylene moisture retarder, lapping at least 6" and sealing with adhesive.
- Eclipse pre-manufactured panels with 1/4" Zero G continuous blanket pad under panels.
- 25/32" x 2 1/2" Robbins Continuous Strip EZXL *Plus, Traditional (2nd & better grade) tongue and groove end matched maple flooring.
- Sand, seal and finish using Waterbase Polyurethane Gym Finish. (One coat seal and three coats finish)
- Game lines using standard colors include:
 - One Main basketball court - 2" red, with 4" side and end borders.
 - One Main volleyball court - 2" black
 - Two cross basketball courts - 2" gray, free throw lines & perimeter only
- Furnish and install black vent cove base at perimeter of room.
- Furnish and install 6" aluminum transition plates at all exterior doorways.
- Furnish and install Safe Path ADA compliant rubber ramps with mitered sides in all interior doorways,

ADD \$123,109.00 without tax

*The EZXL maple has an added treatment which allows the application of water-based finish on new flooring installations. **This would allow the school to use the floor earlier** than with oil modified finishes. Normally new floors are finished with oil modified finish. The oil allows the maple to move more freely in the first year of its life, as this is when the majority of the movement will occur. The Maple Flooring Manufacturers Association (MFMA) does not recommend new flooring be finished with water-based finish as the raw wood will bond together.

Then, as the floor moves during normal expansion and contraction through the seasons, the boards will pull apart unnaturally. This is called side bonding or panelization. Robbins Sports Surfaces has developed this anti-side bonding process to eliminate the risk of side bonding.

Adjust basketball backstops to accommodate new flooring height, if necessary, **ADD \$2,350.00**

Approximate cost to fill in concrete spalling holes created when anchor pins are pulled from the existing concrete
ADD. \$7,250.00*

*We cannot determine amount of labor and materials required prior to floor removal. If less labor and materials are required, we will provide a credit. If more is required, we will call to discuss

Option: If replacement floor bid for work done in 2025 is accepted, we will apply a discount to the repair price,
DEDUCT. \$600.00

Notes:

- Any concrete corrections by others. Flooring tolerance is 1/8" in ten foot radius.

INFORMAL PROCEDURE

Anyone who believes they have a valid basis for complaint shall discuss the concern with the building principal administrator who will investigate the complaint and reply to the complainant. If the complaint is about the building principal administrator, then the matter should be brought to the attention of the district administrator. Step II: If the complainant is dissatisfied with the decision of the district administrator, they may appeal the decision in writing to the board of education (BOE). BOE shall hear the appeal at its next regular meeting, or a special meeting called for the purpose of hearing the appeal. BOE shall make its decision in writing. Medford Area Public School District (MAPSD) does not tolerate harassment in any form and will take all necessary and appropriate action to eliminate it. It is the policy of MAPSD to maintain and ensure a working environment free of any form of harassment or intimidation toward any person.

For this policy, “person” shall be defined as employee, paid or unpaid, Board of Education (BOE) member, volunteer, student or applicant.

Any person who works in MAPSD is required to be familiar with, and comply with, the policy prohibiting harassment.

Harassment is an individual act or pattern of abusive or degrading conduct towards another based in whole or in part, on sex, race, color, age, ancestry, arrest or conviction record, membership in the military reserve, national origin, creed, marital status, sexual orientation or disability, which substantially interferes with performance or creates an intimidating, hostile or offensive work environment, and is considered a form of discrimination according to state and federal law.

Sexual harassment can be by a person of the same or opposite gender, and is defined to include unwelcome sexual advances, unwelcome requests for sexual favors, physical contact of a sexual nature, verbal or physical conduct of a sexual nature when:

- Submission to or acquiescence in such conduct is made either explicitly or implicitly a term or condition of an individual's employment status.
- Submission to or rejection of such conduct by an individual is used as the basis for employment decisions, such as promotion, transfer, compensation, etc., affecting such individual.
- Such conduct has the purpose or effect of substantially interfering with an individual's work performance, or creating an intimidating, hostile or offensive working environment, even if it leads to no tangible employment consequences.
- Such conduct has the effect of causing harm to the professional atmosphere of the school or violates community standards or ethics.

Sexual harassment may include, but is not limited to, deliberate and/or repeated displays of sexually explicit gestures, verbal comments, graphic or written materials, verbal or physical conduct of a sexual nature, whether repeated or not, that is sufficiently severe to create a hostile environment.

No person shall threaten or insinuate, either explicitly or implicitly, that any person's refusal to submit to sexual advances will adversely affect that person's school performance, employment, work status, evaluation, wages, advancement, assigned duties, shifts or any other condition of employment, or career development. Nor shall any person promise, imply or grant any preferential treatment for engaging in sexual conduct.

Anyone who engages in harassment is subject to disciplinary action, up to and including termination, and referral to authorities for criminal prosecution.

Any person who believes they are a victim of harassment should report their concerns to their building administrator. Complaints under this policy shall be filed in a timely manner.

It is the intent of MAPSD to create an atmosphere where complaints will be treated fairly and quickly. If an individual is not comfortable with making a complaint to their building administrator, the complaint may be filed with any other administrator. The administrator will report the complaint to the district administrator unless the district administrator is allegedly involved as a party to or the focus of the complaint, in which case it shall be reported to the BOE president.

The right to confidentiality, of the complainant and the accused, will be respected consistent with the district's legal obligations, provided it does not interfere with the district's ability to investigate allegations of misconduct and to take corrective action.

Retaliation against anyone reporting or thought to have reported harassment is prohibited. Such retaliation shall be considered a serious violation of policy and shall be independent of whether a charge or complaint of harassment is substantiated. Encouraging others to retaliate also violates policy.

Policy Dissemination

- This policy and procedure will be made available to all employees on not less than an annual basis.
- New employees will attend an inservice in which an understanding of harassment, this BOE policy and complaint procedures and importance of vigilance will be emphasized.
- Information will be posted at each building advising any person of this policy and the procedures for filing a complaint.

The building administrator is generally responsible for compliance with state and federal regulations concerning harassment in their building. However, if the complainant is uncomfortable reporting to their building administrator or any other administrator noted in this policy, or if the administrator is allegedly involved as a party to, or the focus of the complaint, the complainant may present the complaint to the district administrator or the BOE president. The term “days” when used in this policy shall mean calendar days, excluding Saturdays, Sundays and legal holidays.

If the complainant goes to a BOE member instead of following the steps prescribed in this policy, the BOE member will immediately refer the matter to the BOE president, or, if the BOE president is allegedly involved as a party to or the focus of the complaint, to the district administrator.

Step 1

Any complaint shall be presented in writing or orally to their building administrator, or in the case of district office personnel, to the district administrator. Oral complaints will be handled informally. If the complaint is submitted in writing, it should include the specific nature of the harassment, corresponding dates as well as the name, address and phone number of the complainant. The building administrator or other administrator shall notify the district administrator. However, if the complainant is uncomfortable reporting to any administrator noted in this policy, or if the administrator is allegedly involved as a party to, or the focus of the complaint, the complainant may present the complaint to the district administrator or the BOE president.

Step 2

The building administrator or other administrator shall fully investigate the complaint; notify the person who has been accused of harassment; develop a response to the allegation; and arrange a meeting as soon as possible or within 5 days after receipt of the written complaint to discuss the complaint with all concerned parties. The building administrator or other administrator will promptly file a copy of the complaint and response with the district administrator.

Step 3

If the complainant is not satisfied with the answer of the building administrator or other administrator, they may submit a written appeal to the district administrator indicating the areas of disagreement with the response and reason underlying such disagreement. Such appeal must be filed within 10 days after receipt of the building administrator's or other administrator's response. The district administrator shall arrange a meeting with the complainant and other affected parties, if requested by the complainant, at a mutually agreeable time, to discuss the appeal. The district administrator shall give a written response to the complainant's appeal within 30 days after receipt of the notice of appeal. The district administrator may exercise authority to discipline the person involved if they feel satisfied that the evidence as presented warrants the discipline. If the party involved is a BOE member, findings and recommendations shall be made to the full BOE.

Step 4

If the complainant or the district administrator is not satisfied with the results of Step 3, they may file an appeal requesting a hearing with the BOE president within 10 days after the decision in Step 3 has been rendered. If the BOE president is allegedly involved, party to or the focus of the complaint, the appeal in Step 4 shall be filed with the BOE.

Step 5

If the complainant or the district administrator wishes to pursue the matter further, either party may file an appeal requesting a hearing with the BOE within 10 days after the decision in Step 4 has been rendered. The BOE will conduct a hearing about the matter and may take appropriate action in order to resolve any misconduct and/or the complaint.

ACCOUNT CHARGES AND COLLECTIONS

Medford Area Public School District (MAPSD) family services accounts include meals, milk, ala carte items and CLC services.

MAPSD will maintain control over family services accounts that are not kept at a positive balance and collect negative account balances. Prepayment is required in family services accounts.

USDA regulations allow students other than those who qualify for free meals to be denied a meal if their account balance is negative. However, MAPSD students will not be denied a meal because of a negative account balance, but they will not be allowed to charge a la carte items. Students eligible for free or reduced-price meals shall not be overtly identified, distinguished or served differently than other students.

If a negative balance continues and the parent(s)/guardian(s) fails to provide a meal or money, Human Services or other appropriate agency will be contacted to address the student's needs.

Negative family services account balances may impact access to CLC services for all families.

MAPSD does not discriminate against individuals on the basis of sex, race, religion, national origin, ancestry, creed, pregnancy, marital or parental status, sexual orientation, or physical, mental, emotional or learning disability. Federal law prohibits discrimination in education and employment on the basis of age, race, color, national origin, sex, religion or disability.

Parent(s) and Guardian(s) Responsibilities

It is the expectation that parent(s) and/or guardian(s) plan for their child(ren) to have sufficient access to food each school day. In addition, parent(s) and/or guardian(s) are encouraged to monitor and manage their family services account, including making prompt payment when necessary.

When a student purchases a family service like a school meal or CLC, the general rule is that payment is due at the time of service.

Students may charge the cost of school meals or CLC service with a negative balance. Upon reaching a negative balance, collection efforts will be initiated with the parent(s)/guardian(s) by a building administrator and/or food service director. Building administrators will be notified of these accounts and make every effort to collect the negative account balance.

Ala carte privileges are suspended when the student's balance becomes negative.

Notifications

Every effort will be made by the district to keep parent(s)/guardian(s) informed regarding their family services account. However, it is ultimately the responsibility of the parent(s)/guardian(s) to maintain a positive balance in their account.

Automated courtesy calls are generated on Wednesdays and Fridays for district families with negative balances.

Payment is due immediately upon notice. If these notifications are not successful, a school official will contact the parent(s)/guardian(s). The district will initiate collection proceedings if the family services account remains negative.

Family Access

Through this online program, parent(s)/guardian(s) have the ability to track activity/ usage, view their balance and deposit funds into their account. The district encourages families to utilize this tool to manage their account.

- Educational Flexibility. Which school building is least adaptable for housing a modern and flexible educational program?
- Neighborhood. Which school building is most isolated in terms of proximity to the residences of students?
- Cost. Which school building represents the highest cost in terms of upkeep and maintenance?
