Medford Area Public School District:

Re: Retirement

I am writing this letter to officially notify you of my intention to retire at the end of this school year. Such will conclude 37 years at Medford Area Elementary School. Teaching at MAES has been a dream job for me and I truly appreciate the opportunity to do so. The school district has been an important part of my life but I now feel it's time to join my husband in retirement and look to new adventures.

Signed,

Dear School Board,

I am writing to let you know that I will be resigning from my position as teacher in the Stetsonville Elementary School at the end of this school year.

I want to thank you and the school district for the incredible support and encouragement I've received. Specifically, my mentor, Dawn Brandner-Heier, has been so helpful. I feel like I had the gold standard in mentorship. In addition, it has been an honor to work with so many wonderful and gifted teachers and coworkers. It is not easy to leave!

With respect and gratitude,

Renee Becker

Medford School District

Dear Justin Hraby,

It is with somewhat mixed emotions that I share my plans to retire on May 24th, 2024. I have loved working as a Reading Intervention teacher here at MAMS for the past four years. I love working with the staff as well. I have taught in the district for a total of 35 years, and have many fond memories from teaching 1st grade, 3rd grade, 4th grade, and 5th grade. My career in the district has also led me to working in three of the four buildings. They were all amazing.

I want to thank the administration for all of the wonderful opportunities you have provided for me through the years here at the Medford School District. I am looking forward to my retirement. I plan on doing a lot of traveling and spending time with my first grandbaby (with more to come). However, I know that I will miss the time with students and staff at this great school district.

Let me know if you would like me to help my replacement, when you choose "the lucky" someone.

Sincerely,
Jacque Grunewald

Your Parent's Letter

Please write a letter, in English, if possible. This letter should be addressed to the host family who will share their home with your son or daughter during his/her program.

Dear Host Family,

We would really like to thank you for your hospitality and for the great opportunity you are giving to our daughter Chiara. We are deeply grateful to you!

Our family is composed of four people: me (Michela, 52), my husband Francesco (49), our daughter Chiara and our son Andrea (13). I work as a secretary in a building surveyor's office, my husband is a teacher in a local high school but also works as a mechanical engineer and Andrea is a student in his last year of middle school. We have a female cat named Lulù (she is 2) and two water turtles. We live in a city of 30.000 inhabitants and Chiara goes to school by bicycle because her school is 1,5 km far away from our house. Once classes are finished, she usually has lunch at home. During the week, after lunch, she goes to the swimming pool in a nearby city as she is a competitive swimmer in a team and comes back home around 6-6.30 pm. Then she does her homework, has dinner with us and goes to bed. She has quite a busy schedule and doesn't have much free time for herself, but she has a strong passion for her sport and we believe this kind of routine has strengthened her character, even if sometimes she might get discouraged when she doesn't do as well as she expected or she is tired.

As a family we love to spend time all together and talk about what has happened during the day.

During the holidays, we like travelling both around Italy and abroad. Whenever we have some free time, my husband and I like going out for long walks in the surroundings. He also loves cycling and, once a year, during the summer, he tries to take a tour around Italy or some part of Europe by himself.

Last year he went to Paris and this summer he has been to Spain and Portugal. Twenty years ago we went to the US and we fell in love with the beautiful landscapes and things we saw: we visited Arizona, Utah, Nevada and California, the national parks with their amazing nature and we had the chance to meet many kind and friendly people. We are happy Chiara will have the chance to spend some time in such a beautiful country!

Chiara is a respectful and responsible girl who likes to talk and share opinions with us. She is always kind to others, curious and friendly. She enjoys hanging out with her friends, listening to music, watching TV series and movies. She's a very dynamic person and she loves being engaged in various activities. For this reason, she is eager to try different sports and activities on her program. Sometimes she can be a little insecure and needs to be reassured especially when she finds herself in new situations or around new people, but we are confident you will help her face these moments that may arise and she will be able to overcome these challenges and become stronger.

It has always been Chiara's dream to become an exchange student in the US and we agree on the importance of such an experience.

Although it's going to be quite challenging for us to send Chiara so far away for 10 months, we think that this "big step" will allow her not only to improve her English, but also to broaden her mind, understand the value of diversity and of new cultures and traditions. We strongly believe in the importance of hospitality and we thank you in advance for everything you will do for our Chiara.

Warm regards,

Michela and Francesco

Essay Questions

Question: Describe in detail an interest or your participation in an activity that you enjoy. What difference has it made in your life?

Answer: *Swimming is very important to me because when I swim, I feel happy and free. I've been swimming since I was 6 years old, but when I started, I almost never wanted to go. This sport, like all sports in my opinion, makes you grow and mature. Sports makes you feel part of a group that shares the same goals. Swimming has helped me to become more independent since I was little and to manage my time in the best possible way. My parents are very proud of me and I am equally grateful to them for everything they do for me because they are giving me the opportunity to continue to pursue my greatest passion.*

Question: What are your future career goals?

Answer: *I have various goals. As short-term goals are concerned, I set myself to do well in school by getting good grades and trying to be active in class by participating in debates and offering myself for presentations. I want to improve my English, by reading at least one or two books in English and watching films and TV series in English. I would like to do well in sports and help with the housework. As for next year's goals, however, I would like to meet new people and establish good relationships with them, try to do well and fit in as best as possible in my host family, school and community. I'd like to try new activities, learn English well and approach a new culture and lifestyle with an open mind. Finally, as future goals after finishing high school, I would like to study and then work in an international or social field. I would like to be a teacher or a policewoman, although I am aware that they are two completely different things but united by a single purpose, that is to help people.*

Question: Please write a letter to your host family in English. Do not include your last name, age, your city or school. This letter will be used by your future host family to help them determine if you are a good match for their family.

Answer: *Dear Host Family, First of all, thank you for hosting me for ten months! I'm happy to share with you this experience that means so much to me. I decided to become an exchange student not only to learn English well but also to open my mind towards new goals, habits and lifestyles and meet new people. The most important thing to me is to get to know you better and build a beautiful relationship that will hopefully last forever. Thank you so much for your hospitality and I hope you'll be excited to discover*

who I am. My name is Chiara and I am an adaptable, sporty and responsible girl. My friends also describe me as helpful, friendly and kind. Sometimes my parents say that I talk too much, but it's because I've a lot of things to share with them. I like to tell them what I did during my daily routine. In my free time I like watching movies and TV series, I love Disney and Marvel's movies but also crime TV series. Recently I started watching movies and cartoons in English to practice and get used to the language. I love travelling with my family to discover new places, I like listening to music and spending time with my friends. With my school friends, even if I'm quite busy with sports in the afternoon, I enjoy going out to eat something after school. With my teammates, when we don't have a training session, I like walking around the city center and having an ice-cream. I also love cooking. Sometimes on Sundays I cook some traditional dishes with my mum and we invite our relatives at home for lunch to spend time together. I would like to share my hobbies and my culture with you and I hope it will be the same for you. I would be more than happy to tell you what we do during the Christmas, Easter and summer holidays! I'd like to learn some of your recipes and learn about your traditions and holidays. Do you like cooking? I like my school here in Italy my field of study is Telecommunication and I'm a good student. My favorites subjects are P.E. and Telecommunication. We are going to create a project at school, around April, where we will build little robots with LEGO, and for me it will be a lot of fun! I can't wait to see my future American High School and learn many new subjects. My biggest passion is sports. I've always played sports in my life. When I was a child I practiced ju-jitsu, boxe and dancing but now I practice swimming. I train six times a week and sometimes on Sundays I have competitions. I really love swimming even if this sport takes up a lot of my time. I also enjoy skiing, hiking in mountains with my family and biking with my dad. I also love animals and nature. I can't wait to try new sports and activities! Do you like to practice or watch sports? What do you like doing in your free time? What are your hobbies? I'd like to play with you some boards games or I can teach you some card games that we usually play in Italy! In my family there are four of us: my mum, my dad, my brother and me. My mum Michela works as an employee in a surveyor's office, she likes going for walks with her friends or with my father. My dad Francesco teaches in a local high school and is also a mechanical engineer. I share my passion for sports with him since I was a child, because he's very sporty too! He loves cycling, in fact he's a cycle tourist. My brother Andrea is 13 and he attends middle school. He also practices competitive swimming but in a different team than mine. I have also a cat, Lulù, and two turtles, Titty and Rughetta. I have a beautiful bond with my family and we do almost everything together. We have a relationship based on mutual respect and trust and I tell them everything. I hope to create such a nice and strong relationship with you too. I'm very excited to start this experience in the US, finally meet you and live like an American teenager for ten months. I'm also very happy to understand your culture, your lifestyle and become part of your routine. I'm ready to start this new important chapter of my life that I will always carry with me! Thank you very much for reading my letter and I look forward to hearing from you. Thank you again for making my dream come true! Love, Chiara

Question: Besides learning English, what do you hope to do while on program? Although we cannot guarantee specific activities, it is important to host families to know what you would like to do while on program.

Answer: I'd like to become an exchange student to grow and to open my mind towards new horizons, far from my comfort zone here in Italy. The thing that most pushed me to have this new experience was certainly that I have always loved the US and their culture. I have always been fascinated by films, stories, so spending a year abroad in the US it's a dream finally coming true. To best fit into the new environment, I think I will sign up for activities that will allow me to become part of the group and make new friends and I will also try to participate with joy in the various activities proposed by my host family. One of the things that scares me a little bit is flying to the US alone, although I think it will perhaps be one of the easiest things. Another challenging step might be the first day of school because I will find myself in a completely new environment without knowing anyone. But I am confident that day after day I will be able to integrate well and I hope to meet many new friends.

Question: Describe an experience you've had in the past two years that wasn't what you expected. What did you do? What did you learn?

Answer: One experience I had in the past that didn't go as I expected was changing swimming team. Until two years ago I swam in a small team and we all had a strong relationship. Then, last year my teammates and I moved to a bigger club because the first team closed. After our arrival, I expected immediate integration from the new companions, but this was not the case. At the beginning this change made me feel uncomfortable because my friends and I were a bit excluded from this different reality, but little by little, I started talking to new people and now we are all very good friends. The thing I learned from this experience was definitely not to get discouraged if something is not as you expected it to be or is not as good as you hoped. Then, I also thought that if you want to achieve something, with time and commitment you can do it.

ENGLISH TEACHER RECOMMENDATION

STUDENT NAME: CHIARA D'ARIENZO

LANGUAGE SKILLS

1) **Reading Comprehension:** Given an American newspaper or magazine article of at least five paragraphs, the student:

- Excellent Understands and explains its meaning clearly and completely. Student understands at least 9 out of every 10 words.
- Good Understands most of its meaning. Student understands 7-8 out of every 10 words.
- Fair Understands the basic vocabulary and explains the basic idea of the article. Student understands 5-6 out of every 10 words.
- Poor Understands only the simplest words and can explain little, or none of the article's meaning. Student understands 1-4 out of every 10 words.

2) **Writing:** When asked to write a short essay stating an opinion about his or her school, town, political view or sports interests, the student:

- Excellent Writes with near fluency using lengthy sentences, abstract terms, and strong vocabulary. Student uses English grammar rather than translating the grammar of the native language into English.
- Good Uses good vocabulary. Student writes lengthy and sensible sentences and sometimes uses irregular grammar, but meaning is clear.
- Fair Can make only simple sentences using limited or basic vocabulary. Student uses extremely irregular grammar, but meaning is clear.
- Poor Writes incomplete, short or basic sentences, using only limited vocabulary. At times it is difficult to understand what the student means.

3) **Speaking and Understanding Conversation:** After engaging the student in at least 15 minutes of active English conversation, using both abstract terms and idiomatic phrases, rate the student's ability to speak and understand English conversation.

- 10 Student is fluent in English. Student is able to both understand and converse, using sophisticated vocabulary and clear, correct sentence structure. Student has no trouble with abstract subjects or most idioms. Student thinks in English.
- 9 Student is nearly fluent and uses near-perfect sentence structures. Student can understand and respond to difficult questions. English language knowledge includes abstract terms. Student will have no problems communicating, when he or she arrives in the U.S.
- 8 English responses come somewhat naturally. Student has a very good vocabulary and understands almost everything. Student can respond intelligently, however, needs practice.
- 7 Student can understand most conversation. Speaking ability is good, but needs practice. Student can go beyond basic responses and elaborate thoughts. Student knows many words, but needs to think before responding.
- 6 Student understands basic English. Vocabulary includes most common terms. Student thinks quickly; however, it is evident that he or she is translating. Student gets lost when conversation involves abstract terms. Student makes mistakes, but is understandable. Student can carry on a basic conversation.
- 5 Student can understand much more than he or she can communicate; but tries to improve. Student can respond in sentence form even if grammar and structure are not perfect. Student is understandable.
- 4 Student evidently understands basic English sentences and is able to respond, even if only in words or phrases. Grammar and sentence construction is poor, but understandable.
- 3 Student understands words or phrases, but not complete sentences. Speaking ability is limited to a few words or phrases.
- 2 Student understands a few words, but has little or no ability to communicate beyond a few words. Student may even refuse to use English.
- 1 Student is unable to understand conversation and knows little or no English.

ENGLISH TEACHER RECOMMENDATION

STUDENT NAME: CHIARA D'ARIENZO

ENGLISH TEACHER'S RECOMMENDATION

- 1) How long have you known the student? 1 year(s) 3 month(s)
2) How long have you had the student as an English language student? 1 year(s) 3 month(s)
3) How many years has the student been studying English, either in public or private school? 11 years

Please comment on the following:

4) Student's overall progress in English:

Chiara is a self-motivated student, completes work on time and is very organized. She demonstrates problem-solving skills and has done a great job facing new challenges such as the introduction of new topics related to English history, literature and culture and the specific vocabulary required.

5) Student's English language abilities (oral/written performance, motivation, strengths & weaknesses):

Chiara uses the specific vocabulary adequately although some inaccuracies may be present. She speaks with a good degree of fluency but with some hesitation. In the written language she is able to argue the main concepts and makes rare mistakes in the use of the structures. Her texts are clearly and logically arranged. She is really motivated and eager to learn.

6) Student's cooperation with classroom/school policies and expectations:

She shows a positive attitude towards her teachers and classmates and she respects the rules. She is always ready to cooperate with others, she can adapt herself to different situations and she is developing a good range of soft skills.

7) How is English taught in the student's classroom (e.g. through conversation, audio tapes, books and written materials, etc.)?

English is taught in a communicative approach, through conversations, videos, audio tracks but also through the English Culture book and the grammar book. Students work often in pairs and in groups.

OVERALL PROFICIENCY

DIAGNOSTIC PROFILE

Overall Proficiency: Level 4

Students at this level understand the meaning of many concrete and more abstract academic words and both simple and more complex sentence structures. They understand the essential meaning of classroom discussions and presentations. They can follow lines of argument and understand conceptual explanations, though they may have problems when concepts are presented in a decontextualized manner, the sentence structure is complex, or the vocabulary is abstract and has multiple meanings. They easily understand detailed instructions, and they can use information they hear to increase their knowledge and respond to learning tasks. In reading, they understand key information from grade-level text, such as the plot of a narrative or the rationale of an explanation, though achieving the understanding may require considerable effort.

* The ELTiS proficiency scale consists of five levels where 1 is the lowest level and 5 is the highest level. See next page for a full description of the proficiency levels.

Proficiency Level Descriptors

Level 1 500-569	Students at this level understand simple words and phrases. For example, they understand some simple yes/no and choice questions and simple directions. They can sometimes identify the topic and recognize some words and phrases in classroom discussions and presentations, especially when the speakers speak slowly and clearly or when visuals clearly support comprehension. They can understand some words and perhaps the general idea in a very simple text when strongly supported by illustrations or context. In longer or more complex texts, they may recognize the topic or some ideas on the basis of the words and phrases that they know. Their construction of the meaning of the whole text is often incomplete even for a very simple text.
Level 2 570-605	Students at this level recognize many high-frequency words as well as some phrases and short sentences. Their control of elementary grammar is developing. This helps them understand many classroom directions and some elements of classroom discussions and presentations, such as the main idea or some specific details. This is especially true when comprehension is supported by clear delivery, predictable structure, simple wordings, and strategic repetitions or explanations. They understand many simple texts and some ideas in longer or more complex texts, as long as some of the key words in the text are familiar or if substantial support is available. Their understanding of the meaning of a whole e text is often incomplete.
Level 3 606-669	Students at this level understand most high-frequency words and some academic words and expressions. They understand some classroom discussions and presentations without help when the delivery is clear, and in more complex discussions they can often identify the topic and name at least some key details. They understand multi-step directions and some academic vocabulary in context. When reading, they understand the main ideas and details of most simple texts and at least some key elements in longer, more complex texts, such as a central idea, some details, or the outline of a sequence of events, possibly with some gaps. Complex grammar and advanced words and phrases may make them struggle with comprehension.
Level 4 670-703	Students at this level understand the meaning of many concrete and more abstract academic words and both simple and more complex sentence structures. They understand the essential meaning of classroom discussions and presentations. They can follow lines of argument and understand conceptual explanations, though they may have problems when concepts are presented in a decontextualized manner, the sentence structure is complex, or the vocabulary is abstract and has multiple meanings. They easily understand detailed instructions, and they can use information they hear to increase their knowledge and respond to learning tasks. In reading, they understand key information from grade-level text, such as the plot of a narrative or the rationale of an explanation, though achieving the understanding may require considerable effort.
Level 5 704-800	Students at this level understand the meaning of complex academic words and expressions and complex sentence structures in a wide variety of contexts. They understand classroom discussions and presentations on a wide range of topics expressed with varying linguistic complexity. They can easily understand detailed instructions, and their comprehension is precise and detailed in that they can often understand nuances of meaning in grade-level appropriate presentations and instructional dialogue. In reading, they understand the content of grade-level appropriate literary and informational texts, including many implicit meanings.

INSTRUCTIONS TO THE STUDENT AND NATURAL PARENTS: It is important that this form be filled out completely and accurately in English. Complete PART A. Your physician must complete PART B.

PART A - To be completed by parent or legal guardian.

I understand that the program does not cover costs associated with pre-existing conditions, non-emergency dental work (including maintenance of orthodonture), immunizations or glasses. Students and natural parents are solely responsible for these costs. If my child wears glasses and/or contact lenses I certify that s/he will bring an adequate supply with a current prescription of the program year. If dental work required for my child is not completed before s/he departs of the U.S., I understand that I am responsible for any costs related to said dental work in the U.S.

By signing this I acknowledge that I have read and understand the information above. I also certify that the information in this form is accurate and discloses all medications and conditions that I am aware of. Failure to reveal any condition or illness that interferes with student's program may result in disciplinary action, including dismissal from the program.

PROGRAM AGREEMENTS

1) Parent Permission to Participate

My son/daughter has my permission to apply for, and to participate in, an international study experience sponsored by Ayusa International.

2) Double Placement Agreement

Double placements are wonderful opportunities for exchange students because they allow the student to share similar experiences with another exchange student. U.S. Department of State Regulations require prior consent from students and their natural parents if students are double placed. It is the choice of the Student and Parents whether or not to be placed in a Double Placement. Please check one of the boxes below to indicate whether or not you are consenting to a double placement if the opportunity arises:

As a Participant, I am open to being placed in a double placement with another Ayusa student. I agree, in advance, to this double placement.

As a Participant, I am not willing to be placed in a double placement with another Ayusa student.

3) Single No Children Agreement

Each year, many single parents apply to host exchange students and provide a wonderful exchange experience for their students. An extended background check is required and done when an applicant is a single parent with no children in the home. U.S. Department of State Regulations require prior consent from students and their natural parents if a student is placed in a single parent family with no children living in the home. It is the choice of the Student and Parents whether or not to be placed in a Single No Children placement. Please check one of the boxes below to indicate whether or not you are consenting to a placement with a single parent with no children if the opportunity arises:

As a Participant, I am open to being placed in a single parent family with no children living in the home. I agree, in advance, to this single no children placement.

As a Participant, I am not willing to be placed in a single parent family with no children living in the home.

4) Student Smoking/Drinking Agreements

As a Participant, I agree not to drink any beverages containing alcohol while on the Ayusa program. As a Participant, I agree not to use tobacco products or smoke while on the Ayusa program. I understand that a violation of this rule, or violations of other laws in the US, may result in probation or dismissal from the program.

5) Host Family/Community Placement

I understand that being prepared to do a cultural exchange includes recognizing that my host family may be very different than my natural family. I know that my host family may live in a different kind of place and have different ways of doing things. I understand there is no perfect host family or community and am prepared to accept the host family or community that is selected by Ayusa. I understand that I cannot reject a placement with a host family that includes a publicly funded school.

6) Social Media Agreement

I agree to follow the guidelines for social media included in Ayusa Rules for Students. This includes not posting identifying information about me, my host community or my host family, as well as not posting negative comments about my host family, host school or host community. As an ambassador of the program and my country, I understand how important it is to keep posts positive, tasteful and respectful. I will post photos or information about my host family or host home only with their permission.

7) Natural Parent Financial Responsibility

We understand the following expenses are not covered by Ayusa and it is our responsibility to pay the fees: round-trip transportation to host community, immunizations, TB test, lunches purchased at school, activity fees and school supplies not covered by school, personal items, phone services, medical services not covered by insurance, tutoring when needed, shipping and services related to convalidation, and COVID-19 test, if required by school.

8) Program Agreements

We have read and fully understand the program materials and agree to adhere to the Program Rules and Policies for Students as stated in the Handbook, and the Ayusa Program Agreements. We affirm that all the information provided in the student application is true and accurate and that we have not withheld any information. We understand that any failure to disclose information that affects the safety and well-being of the student, including information regarding physical or mental health, as determined by Ayusa, may be grounds for immediate dismissal.

Medical Release Authorization

I hereby authorize Ayusa representatives and my child's host parents, without liability or expense to themselves, to take whatever action they deem appropriate with regard to my child D'ARIENZO CHIARA's health while participating in the Ayusa exchange program. This authorization is valid for the duration of the program. This authorization includes:

- Arranging for any immunizations required for school enrollment that were not received prior to their arrival in the U.S. I understand that I am responsible for any cost involved. I also authorize them to enroll my child in school and assist with the class selection process, monitor grades, and intervene when necessary to ensure my child's program success.
- Seeking medical attention for all illnesses/injuries acquired while on program, or medical needs necessary for the success of the student in the program (includes mental health). I understand that I will need to cover any costs not covered by insurance.
- Placing my son or daughter in a hospital for medical services and treatment. I understand that I will need to cover any costs not covered by insurance.
- Speaking with the doctor/medical facility regarding the care and treatment of my child (including the release of medical records and information), the diagnosis and follow-up care needed.
- Assisting with the claims process in the event of seeking medical treatment, to include speaking with the Insurance Company and the medical facility. The "claims process" is necessary for the insurance company to decide what they will or will not pay. I understand that not assisting in the claims process may result in me being responsible for all the costs of the medical services provided.

I understand that I will be responsible for any costs incurred due to medical treatment that is not covered by the insurance policy. I certify that the above information is correct to the best of my knowledge. Please note the Student Application and Admission Section of the Program Agreement regarding student medical information disclosures.

Student Fees

Medford Area Public School District (MAPSD) exists to provide a free public education. MAPSD may charge student fees for certain activities, courses and services which may require additional funding and may assess charges when school property is damaged, lost or stolen. Budgetary constraints imposed by the State of Wisconsin or the current economic environment justify the institution of student fees.

MAPSD will use these principles to guide decisions pertaining to student fees:

- Graduation required coursework, including textbooks, technology and materials will be provided without student fees.
- Non-graduation required coursework and activities may include fees to offset costs for materials, supplies, personal equipment and uniform.

Student fees will be reviewed annually in February by the Board of Education. Fee schedules will be consistent with state and federal laws and regulations.

To encourage all students to participate in school activities regardless of the student's financial situation, the board authorizes the district administrator or his/her designee to waive the payment of part or all of student fees if the student or student's parent(s)/guardian(s) demonstrate an inability to pay such fees. Parent(s)/guardian(s) who claim that the financial conditions of their families are such that they cannot afford to pay established fees may request a fee waiver in accordance with established procedures. (A copy of the Waiver Form can be found by clicking [here](#) (last page of policy JN).)

If the principal or his/her designee denies the request for a fee waiver, the principal's decision may be appealed to the district administrator, and if denied by the district administrator, to the Board of Education.

The following are the student fees that may be assessed and reviewed annually by the Board of Education:

PROMOTIONS/SPECIALS/NEW PRODUCTS INTRODUCED

Started using Display cases this month to show the students our main course option. Doing this in hopes of enticing more kids to take part in a hot school lunch.
FFVP is still going strong; snow peas, oranges, mix fruit pail, apples were some of the options this month.

TEAM EDUCATION/TRAINING/IN-SERVICES/MEETINGS/UPDATES

The monthly cooks meeting was completed. Monthly safety training was completed. We also had Serve Safe class conducted here at the School. Maggie Bishop with K12 was the proctor and we had 5 cooks take this class, amazing turn out. This being said even with a "head cook" out for the day, there will still be a certified cook in place.

CATERING EVENTS

Catering events included meetings, Medford wrestling tournament,.

OTHER

Looking forward to working with Mrs. Kopp on the Farm to Fork event and menu. We will be purchasing a cow from the school Barn again this year.
Adam has put in the order for the combi units that are going in at MAES and MAMS.
Fulling staffed but could always use SUBS, so if you know of anyone looking for a part time job, send them our way.

It is our pleasure to serve the students at your School District!

Budget Development Process for the 2024-2025 School Year February 2024

A. General Information

This packet will help explain the Budget Development Process we will use to create the 2024-25 District Budget. These materials are being sent to the following people:

Audra Brooks	Charlie Heckel	Jill Lybert	Pat Sullivan
Jaylene Lannet	Justin Hraby	Adam Schwarz	
Joseph Greget	Laura Lundy	Dan Miller	
Ryan Pilgrim	Ted Wilson/Dennis	Brenda Smola	

As you proceed through this packet, questions may arise. Please contact Audra. Adjustments may need to be made to this process as we apply it to our local situation, problems are identified, and conditions change. The overall process and type of information is basically unchanged from prior years.

Budget Process in Brief

1. Determine Budget Needs – All Staff (Fall – February)
2. Determine General Budget Parameters – Finance Committee and/or Board of Education (February)
3. Staff Present Needs and District Administrator Presents Parameters to Administrators (January - February)
4. Prioritize Needs – Building Administrators/Specialists/Supervisors
5. Compile Budget Within Parameters Before Submission to District Office
6. District Office Review and Revise with Administration
7. Present Components to Board (March and April)
8. Compile Complete District Budget (May)
9. Board Review of Complete Budget (May/June)
10. Presentation at Annual Meeting (TBD)
11. Formal Adoption by Board (TBD)

D. Budget Parameters

Dollars Allocated Per Student

School	Budget / Actual 2021-22	Budget / Actual 2022-23	Budget / Actual 2023-2024	Projected Budget 2024-25
SES MAES / SES	204	206	240	260
MAMS	206	206	345	345
MASH	389	389	495	495

Total Dollars Budgeted

School	2021-22 Students	2021-22 Budget		2022-23 Students	2022-23 Budget		2023-24 Students	2023-24 Budget		2024-25 Students	2024-25 Budget
MAES & SES	SES 197 MAES 567	\$40,188 \$115,668		SES 197 MAES 567	\$46,728 \$104,280		SES/202 MAES/ 593	\$54,284 \$142,382		SES 202 MAES- 589	\$52,908 \$153,140
	MAMS	651	\$134,106	651	\$133,282		599	\$205,494		573	\$197,685
	MASH	682	\$265,980	682	\$268,799		690	\$344,040		676	\$334,620
Total	2,097	\$555,942		2,097	\$553,089		2,084	\$746,197		2040	\$738,353

The Budget Parameters noted above, under the 2024-2025 budget, are based on the following:

1. 2024-25 Projected numbers as of January 2024.
2. All principals are to budget common school fund budgets:

Total Amount: \$120,000	<u>School</u>	<u>Amounts:</u>
	SES	\$11,920
	MAES	\$34,750
	MAMS	\$33,630
	MASH	\$39,700
		<u>\$120,000</u>

The common school fund amount allocated to each school is an estimate; however, principals should attempt to meet these amounts. A way to do this is by making sure all media, other than textbooks, is purchased out of the library budget. If any principal needs more than their allotted amount, they should contact other principals so we do not spend more than the common school fund total allocation.

E. Coding Information

WUFAR Sequence of Dimensions

WUFAR, being a multi-dimensional accounting system with independent dimensions, could be used in a variety of account code configurations as determined by the user. This would; however, create confusion regarding budgetary comparison. In order to ensure uniformity, the DPI requires the sequence of dimensions below to be utilized for dimensions that are employed on all transaction documents; i.e., requisitions, purchase orders, invoices, etc.:

DATE REVISED: February 15, 2018
DATE REVIEWED:

Medford Area Public School District (MAPSD) will act to make resource conservation an integral part of the physical operation of the school district and curriculum.

It will be MAPSD policy to implement the following:

- Integrate the concept of resource conservation, including waste reduction and recycling, into the environmental education curriculum at appropriate grade levels.
- Work to decrease the amount of waste of consumable materials by:
 - Reducing consumption of consumable material whenever possible.
 - Fully utilizing materials prior to disposal.
 - Minimizing use of non-biodegradable products whenever possible.
- Cooperate with, and participate in, recycling efforts made by municipalities in which district buildings are located. As systems for recovering waste and recycling are developed within the city and county, the school district will participate when feasible.
- Purchase, where financially viable or as required by law, recycled products. The school district will also encourage suppliers, both private and public, to make recyclable products and unbleached paper products available.
- Actively advocate, where appropriate, for resource conservation practices to be adopted at the local, regional and state levels.

DATE REVISED: February 17, 2005 POLICY TITLE: STUDENT TRANSPORTATION
DATE REVISED: July 19, 2012 **SERVICES/ ROUTE REQUESTS**
DATE REVISED: March 15, 2018
DATE REVISED:

Student transportation is a part of the total education program and is the direct responsibility of the administrative and policy-making officials of the district.

Medford Area Public School District (MAPSD) shall provide safe, timely and economical transportation for all eligible students residing within the school district boundaries under provisions of the appropriate Wisconsin State Statutes and board of education (BOE) policy governing student transportation. MAPSD will accommodate transportation needs of district students according to the procedures and conditions established in EEA-R.

General Organization of Authority

The district administrator is responsible for overseeing the daily operation, enforcement, and administration of the student transportation system.

All administrators will work with citizens of the district in resolving transportation problems that might arise in the implementation of these transportation policies.

Responsibility for the safety and discipline of the riders shall be shared by the district administrator, transportation contractor, building principals, parents/guardians and the bus driver when riders are in transit. It is also the responsibility of the bus driver to determine the safety of a student walking due to inclement weather.

Private School Students

Pursuant to Wisconsin State Statutes, transportation shall be provided to students attending private schools in accordance with the provision of the Wisconsin State Statutes.

Students with Disabilities

Pursuant to Wisconsin State Statutes, transportation shall be provided to all students with disabilities who reside within the school district boundaries or are enrolled in the district under the public school open enrollment program if the IEP indicates such services are required in order to achieve a free appropriate public education (FAPE).

Whenever possible, students with disabilities will be transported on a regular school bus, provided they are able to board the school bus on their own accord and do not require special care while on the school bus.

Special transportation arrangements will be made by the Director of Special Education and Student Services for all students with disabilities who are determined by IEP Committee to be in need of such accommodations.

Open Enrollment Students

Any student attending MAPSD under the open enrollment opportunity will be picked up at the nearest bus stop/residence on the normal route. Parent(s)/guardian(s) of open enrollment students will be responsible for contacting the family of that "bus stop" to ensure the student may come into the home should it be necessary.

Handbook

The transportation handbook shall be revised and approved by the BOE on a regular basis. It shall include regulations pertaining to:

- School bus rider rules
- School bus rider discipline procedure
- Extra-curricular trip rules
- Personal safety for students
- Contractor responsibilities
- School bus driver rules
- Driving tips
- Emergency procedures

Alternative Transportation Requests

- New student requests for transportation must be made in writing using the New/Alternate Pick-up/Drop-off Form for any student who registers after June 15. A copy of the completed New/Alternate Pick-up/Drop-off Form shall be forwarded to the appropriate building administrator so that a building assignment for the student can be made concurrent with policy JECC (Assignment of Students to Schools). Routes may be rescheduled to accommodate newly registered K-12 students who reside within the district boundaries.
- Requests for transportation to and/or from a childcare provider must be made in writing using the New/Alternate Pick-up/Drop-off Form.
- Requests for more than one pick-up/drop-off point must be made in writing using the New/Alternate Pick-up/Drop-off Form.
- Requests for a change in the established pick-up/drop-off point must be made in writing using the New/Alternate Pick-up/Drop-off Form.

Changes (Each change will require completing a new New/Alternate Pick-up/Drop-off Form)

- All permanent New/Alternate Pick-up/Drop-off Forms must be received before a change is to become effective during the school year. Phone calls cannot be accepted except in emergency situations. Such exceptions must be approved by the building administrator or their designee.
- A New/Alternate Pick-up/Drop-off Form must be completed for each new school year.
- School buses will not deviate from scheduled routes during the year to accommodate a change in a childcare provider once the route has been established at the beginning of the school year unless the route change can be reasonably accommodated by the transportation contractor.
- Pick-up and drop-off points must be on a scheduled basis and must be documented on the New/Alternate Pick-up/Drop-off Form.

MEDFORD AREA PUBLIC SCHOOL DISTRICT

DATE ADOPTED:	November 16, 1995	FILE SECTOR:	SUPPORT SERVICES
DATE REVISED:	February 17, 2005	POLICY TITLE:	DRUG AND ALCOHOL TESTING
DATE REVISED:	March 21, 2013		FOR BUS DRIVERS
DATE REVISED:	March 15, 2018		
DATE REVISED:			

In accordance with federal law and regulations, Medford Area Public School District (herein referred to as "MAPSD") shall be responsible for implementing a drug and alcohol testing program for school bus drivers. The purpose of this testing program shall be to prevent accidents and injuries resulting from the misuse of alcohol and controlled substances by bus drivers.

The terms *drugs and controlled substances* are interchangeable and have the same meaning. *Drugs* refer to, but are not limited to, marijuana, cocaine, opiates, phencyclidine (PCP) and amphetamines (including methamphetamines).

PROHIBITED CONDUCT

Drivers shall be prohibited from any alcohol use that could affect performance on the job including use on the job, use during the four hours before driving, having prohibited concentrations of alcohol in their systems while driving and use during eight hours following an accident.

No driver shall report for duty or remain on duty requiring the performance of safety-sensitive functions when the driver uses any controlled substances or shows signs of impairment except when the use is pursuant to the instructions of a physician who has advised the driver that the substance does not adversely affect his/her ability to safely operate a motor vehicle. If a driver indicates signs of impairment, law enforcement shall be notified.

REQUIRED TESTING

Drivers shall be subject to pre-employment/pre-duty, reasonable suspicion, random, post-accident, return-to-duty and follow-up drug testing pursuant to procedures set out in the federal regulations. They shall also be subject to reasonable suspicion, random, post-accident, return-to-duty and follow-up alcohol testing pursuant to procedures set out in the federal regulations. These procedures use an evidential breath testing device for alcohol testing. For controlled substances testing, urine specimen collection and testing by a laboratory certified by the U.S. Department of Health and Human Services shall be required.

Pre-employment testing shall be administered to an applicant offered a position in the district prior to the first time the driver performs any safety-sensitive function for the district.

Random alcohol testing shall be limited to the time period surrounding the performance of safety-related functions which includes just before, during, or just after the employee performs the safety-related function. Controlled substances testing may be performed at any time while the driver is at work.

An employee covered by the federal regulations may not refuse to take a required test.

CONSEQUENCES IF TESTING INDICATES DRUG OR ALCOHOL MISUSE

If the testing confirms prohibited alcohol concentration levels or the presence of a controlled substance, the employee shall be removed immediately from safety-related functions in accordance with the federal regulations. Before a driver is reinstated, if at all, the driver shall undergo an evaluation by a substance abuse professional, comply with any required rehabilitation and undergo a return-to-duty test with verified test results.

A driver that is under the influence of alcohol will, at a minimum be suspended without pay until their next regular duty period, but for no less than 24 hours, and must undergo a return to duty alcohol test with a result of 0.00. A driver may also be subject to additional disciplinary action by the district, up to and including discharge.

A driver who registers greater than 0.00 or has a verified positive test result for a controlled substance, at a minimum will be suspended without pay until their next regular duty period, but for no less than 24 hours, and must undergo a return to duty alcohol or drug test with an acceptable result. In addition, a driver must be released for duty by a substance abuse professional. A driver may also be subject to additional disciplinary action by the district, up to and including discharge **and law enforcement will be notified.**

A driver who is prohibited from performing safety-sensitive functions may be assigned to non-safety-sensitive functions until such time as the driver complies with the requirements for returning to duty.

The board of education retains the authority consistent with state and federal law to discipline or discharge any employee who is alcohol or chemically dependent and whose current use of alcohol or drugs affects the employee's qualifications for and performance of ~~his/her~~ **their** job.

The district is not required under federal law requiring drug and alcohol testing to provide rehabilitation, pay for substance abuse treatment or to reinstate the employee. All employment decisions involving reinstatement, termination or dismissal shall be made in accordance with applicable district policies.

RECORD RETENTION

The district shall maintain records in compliance with the federal regulations in a secure location with controlled access. With the driver's consent, the district may obtain any of the information concerning drug and alcohol testing from the driver's previous employer. A driver shall be entitled, upon written request, to obtain copies of any records pertaining to the driver's use of alcohol or controlled substances including information pertaining to alcohol or drug tests.

Records shall be made available to a subsequent employer upon receipt of a written request from a driver only as expressly authorized by the terms of the driver's request.

OTHER PROVISIONS

The district shall take steps to ~~insure~~ **ensure** that employees receive the notifications required by federal regulations.

DATE REVISED: February 17, 2005 **POLICY TITLE:** DRUG AND ALCOHOL
DATE REVISED: March 15, 2018 **TESTING FOR BUS DRIVERS**
DATE REVISED:

School bus drivers who operate a motor vehicle requiring a commercial driver's license are subject to a drug and alcohol testing program that fulfills the requirements of the federal regulations.

These district regulations reflect several requirements of the federal drug and alcohol testing regulations but are not intended in any way to modify or limit the procedures for drug and alcohol testing specifically addressed in federal regulation. District personnel will adhere to the detailed provisions of federal regulation in administering the district's drug and alcohol program.

References to tests in these regulations include both drug and alcohol tests unless the context specifies otherwise.

PRE-EMPLOYMENT TESTS

Tests will be administered before a driver performs any safety-sensitive functions for the district and provided in policy GBCBC (*Pre-employment Drug Testing*) and GBCBC-R (*Pre-employment Drug Testing Procedure*).

POST-ACCIDENT TESTS

Alcohol and controlled substance tests will be conducted as soon after an accident as practicable on any driver who:

- Was performing safety-sensitive functions with respect to the vehicle if the accident involved injury to a passenger or loss of human life;
- Received a citation under state or local law for a moving traffic violation arising from the accident.
- Causes his/her **their** vehicle to leave the roadway and requires a tow to return the vehicle to service.

No driver involved in an accident may use alcohol for eight hours after the accident or until after he/she **they** undergoes a post-accident alcohol test, whichever occurs first.

If an alcohol test is not administered within two hours or if a drug test is not administered within 32 hours after the accident, the district will prepare and maintain records explaining why the test was not conducted.

Tests conducted by authorized federal, state or local officials will fulfill post-accident testing requirements provided they conform to applicable legal requirements and are obtained by the district. Breath tests will validate only the alcohol tests and cannot be used to fulfill controlled substance testing obligations.

Before any driver operates a commercial motor vehicle, the district will provide him them with post-accident procedures that will make it possible to comply with post-accident testing requirements.

RANDOM TESTS

Tests will be conducted on a random basis at unannounced times throughout the year. Random tests for alcohol will be conducted just before, during or just after the performance of safety-sensitive functions. Random tests for drugs do not have to be conducted in immediate time proximity to performing safety sensitive functions. Once notified of selection for drug testing, a driver must proceed to a collection site to provide a urine specimen.

Drivers will be selected by a scientifically valid random process and each driver will have an equal chance of being tested each time selections are made. The number of bus drivers selected for random testing will be in accordance with federal regulations.

REASONABLE SUSPICION TESTS

Tests must be conducted when a properly-trained supervisor or district official has reasonable suspicion that the driver has violated the district's alcohol or drug prohibitions. This reasonable suspicion must be based on specific, contemporaneous, articulable observations concerning the driver's appearance, behavior, speech or body odors. The observations may include indication of chronic and withdrawal effects of controlled substances.

Alcohol tests will be authorized for reasonable suspicion only if the required observations are made during, just before or just after the period of the work day when the driver must comply with alcohol prohibitions. If an alcohol test is not administered within two hours of a determination of reasonable suspicion, the district will prepare and maintain a record explaining why this was not done. Attempts to conduct alcohol tests will terminate after eight hours.

An alcohol test may not be conducted by the person who determines that reasonable suspicion exists to conduct such a test.

A supervisor or district official who makes a finding of reasonable suspicion also must make a written record of his/her their observations leading to a reasonable suspicion drug test within 24 hours of the observed behavior or before the results of the drug test are released, whichever is earlier.

RETURN-TO-DUTY TESTS

A drug or alcohol test will be conducted when a driver who has violated the district's drug or alcohol prohibition returns to performing safety-sensitive duties.

Employees whose conduct involved misuse of drugs may not return to duty in a safety-sensitive function until the return-to-duty drug test produces a verified negative result.

Employees whose conduct involved alcohol may not return to duty in a safety-sensitive function until the return-to-duty alcohol test produces a verified result that meets federal and district standards.

FOLLOW-UP TESTS

A driver who violates the district's drug or alcohol prohibition and is subsequently identified by a substance abuse professional as needing assistance in resolving a drug or alcohol problem will be subject to unannounced follow-up testing as directed by the substance abuse professional in accordance with law. Follow-up alcohol testing will be conducted just before, during or just after the time when the driver is performing safety-sensitive functions.

RECORDS

Employee drug and alcohol test results and records will be maintained under strict confidentiality and released only in accordance with law. Upon written request, a driver will receive copies of any records pertaining to his/her **their** use of drugs or alcohol, including any records pertaining to his/her **their** drug or alcohol tests. Records will be made available to a subsequent employer or other identified persons only as expressly requested in writing by the driver.

NOTIFICATIONS

Each driver will receive educational materials that explain the requirements of the Code of Federal Regulations, Title 49, Part 382, together with a copy of the district's policy and regulations for meeting these requirements. Representatives of employee organizations will be notified of the availability of this information. The information will identify:

- The person designated by the district to answer driver questions about the materials as the director of transportation.
- Categories of drivers who are subject to the drug and alcohol testing requirements.
- Sufficient information about the safety-sensitive functions performed by drivers to make clear for what period of the work day driver compliance is required.
- Specific information concerning driver conduct that is prohibited.
- Circumstances under which a driver will be tested for drugs and/or alcohol.
- Procedures that will be used to test for the presence of drugs and alcohol, protect the driver and the integrity of the testing processes, safeguard the validity of test results and ~~insure~~ **ensure** that test results are attributed to the correct driver.
- The requirement that a driver submit to drug and alcohol tests administered in accordance with federal regulations.
- An explanation of what constitutes a refusal to submit to a drug or alcohol test and the attendant consequences.
- Consequences for drivers found to have violated the drug and alcohol prohibitions including the requirement that the driver be removed immediately from safety-sensitive functions and the procedures for referral, evaluation and treatment.
- Consequences for drivers found to have an alcohol concentration greater than 0.00.
- Information concerning the effects of drugs and alcohol on an individual's health, work and personal life; external and internal signs and symptoms of a drug or alcohol problems, and available methods of intervening when a drug or alcohol problem is suspected including confrontation, referral to an employee assistance program and/or referral to administrative officials.

Each driver must sign a statement certifying that he/she **they** ~~has~~ **have** received a copy of the above materials.

The district will inform drivers before drug and alcohol tests are performed.

The district will notify a driver of the results of random, reasonable suspicion and post-accident drug tests if the test results are verified positive. The district also will tell the driver which controlled substances were verified positive.

Drivers will inform their supervisors if at any time they are using a controlled substance which their physician has prescribed for therapeutic purposes. Such a substance may be used only if the physician has advised the driver that it will not adversely affect his/her **their** ability to safely operate a commercial motor vehicle.

ENFORCEMENT

Any driver who refuses to submit to post-accident, random, reasonable suspicion or follow-up tests will not be allowed to perform or continue to perform safety-sensitive functions. Such refusals shall be treated as insubordination and regarded as a positive test.

A driver who in any other way violates district prohibitions related to drugs and alcohol will receive from the district the names, addresses and telephone numbers of substance abuse professionals and counseling and treatment programs available to evaluate and resolve drug and alcohol-related problems. The employee will be evaluated by a substance abuse professional who will determine what help, if any, the driver needs in resolving such a problem.

Any substance abuse professional who determines that a driver needs assistance will not refer the driver to a private practice, person or organization in which he/she **they** has **have** a financial interest except under circumstances allowed by law.

Before the driver is returned to safety-sensitive duties, if at all, the district must ~~insure~~ **ensure** that the employee:

- Has been evaluated by a substance abuse professional.
- Has complied with any recommended treatment.
- Has taken a return-to-duty drug and alcohol test with a result indicating no alcohol concentration level.
- Is subject to unannounced follow-up drug and alcohol tests. The number and frequency of such follow-up testing will be as directed by the substance abuse professional and consist of at least six tests in the first 12 months following the driver's return to duty.

When conducting official school business, Medford Area Public School District Board of Education (BOE) members and district staff shall use a district-owned vehicle, if a vehicle is available. In cases where a vehicle is not available, BOE members and district staff shall provide their own transportation and shall be reimbursed at the approved rate.

Vehicles shall be scheduled and released through the district office or individual school buildings. Vehicles shall be scheduled on a first come, first-served basis. However, priority in assignment may be given on the basis of distance to be traveled, duration of the trip, nature of the school business and number of people traveling.

The following information must be secured prior to the release of a district vehicle: name of driver, destination (e.g., school, hotel, town), date and time of departure and date and time of return.

The driver must hold a valid driver's license.

All traffic citations and their payments shall be the responsibility of the driver. The driver and passengers must follow all applicable safety and legal requirements.

District vehicles are purchased for school purposes only. These vehicles should never be used for personal use. Vehicles may be used to transport students only if state law requirements are met.

A BOE member or employee may take a district vehicle home when there is a scheduled trip on the following day or when returning from a trip provided the vehicle is returned in a timely manner and is ready for the next scheduled trip. All requests must be approved by the district office.

It is expected that ordinary care shall be taken when operating or riding in a district vehicle. All warning lights and gauges should be monitored and the vehicle checked when there is indication that the vehicle may be functioning improperly. The driver shall report any damage, malfunction or impending malfunction to the district office immediately.

VEHICLES ON SCHOOL BUSINESS

DATE REVISED:

Medford Area Public School District Board of Education (BOE) discourages the use of private vehicles for district business. Staff will use district-owned vehicles whenever possible and should schedule activities and transportation needs far enough in advance to avoid any non-emergency use of private vehicles.

The district administrator will develop regulations for staff use of private vehicles that will safeguard the district, its employees and students in matters of safety, insurance and liability.

No staff member will use a private vehicle for district business without approval in accordance with established district procedures. Authorization to use a private vehicle must be obtained before actual use of the vehicle. School district administrators and teachers assigned to multiple buildings shall be granted standing authority to use their private vehicles for routine school-related business and/or to travel between district facilities. Staff members who are authorized to use a private vehicle on district business will be reimbursed in an amount established by the BOE.

Any traffic violations committed by a driver while using private vehicles are the financial responsibility of the driver. The driver and passengers must follow all applicable safety and legal requirements.

The district shall assume no responsibility for liability in case of accident, unless the employee or other person serving in an official capacity has obtained the required permission to transport students.

When driving his/her **their** own vehicle, the driver must hold a valid driver's license and a certificate of insurance for the vehicle.

DATE REVISED: February 18, 2016 POLICY TITLE: GRADUATION REQUIREMENTS
DATE REVISED: January 26, 2017
DATE REVISED: March 15, 2018
DATE REVISED: April 19, 2018
DATE REVISED: August 26, 2019
DATE REVISED: March 28, 2022
DATE REVISED:

Specific graduation requirements for Rural Virtual Academy (RVA), under the direction of the Medford Area Public School District (MAPSD) Board of Education (BOE) and RVA Governance Board, will be published each year in the RVA Student Handbook. Any changes in the requirements shall be approved by the MAPSD Board of Education and the RVA Governance Board prior to implementation.

This policy only pertains to those students enrolled in the RVA through open enrollment or who reside within the boundaries of the MAPSD. This policy is not applicable for RVA students enrolled through a consortium district.

In order to graduate from the RVA, students:

- Must complete twenty-four (24) credits of study and at least three years of high school. In addition to the 15.5 credits required by state statute, the RVA will require nine 8.5 elective credits. Students who intend to graduate in less than four years of high school must also meet the requirements outlined in RVA-IKFA.
- May earn high school credit towards graduation in grades 7 and/or 8 as outlined in the policy RVA-IGHA.
- Who participate in at least 95 percent and 90+ hours of a school sponsored sports season, organized physical activity or another recognized state or nationally sanctioned sport may fulfill a .5 credit per semester towards their total 1.5 credits of physical education by fulfilling the requirements outlined in policy RVA-IGHB.
- All regular education students must pass the State's Civics Test requirement. Students with disabilities are required to take the test but are not required to pass.
- Beginning with the graduating class of 2026, must complete a minimum of 0.5 credits of personal financial literacy.
- Must complete a minimum of 8 hours of community service for every year they are enrolled in the RVA unless otherwise deemed inappropriate by the RVA administrator or their designee.
- Allowed to take a maximum of nine credits per school year, excluding summer school. Students electing to take summer school courses for advancement may take a maximum of one credit. Students who are deemed to be credit deficient are allowed to exceed the maximum number of credits in any given year per RVA administrator or their designee's prior approval.
- Allowed to take college level courses under the State of Wisconsin's Start College Now (SCN) and Early College Credit Program (ECCP). A maximum of 18 credits

in either program, or in combination, will be allowed to be earned unless all other graduation requirements have been met. If all other graduation requirements have been met, then it will be left to the discretion of the RVA Principal or designee to approve additional SCN and/or ECCP credits up to 18 per year. Accumulated SCN and/or ECCP credits cannot exceed 36 in total over the period a student is eligible for SCN or ECCP. The RVA Principal or designee shall determine whether the college course is comparable to a course offered at the RVA, whether it satisfies graduation requirements and what, if any, high school credits are to be awarded to the student. The student must meet the college's requirements and pre-requisites of the course(s) for which the student has applied. Students enrolled in a college approved credit class under either SCN or ECCP will receive .25 high school credit for each one credit of college coursework successfully completed. All grades earned may be included in the student's high school transcript and be factored into the student's GPA.

- Allowed to take "dual credit" courses offered by the RVA and taught by RVA teachers. Students taking "dual credit" courses are able to earn the assigned number of college credits as well as 0.5 high school credits per semester.
- Study abroad programs which have received prior board approval may be substituted for one of the required three years of enrollment. Students will be required to meet the RVA's graduation requirements. Course work and grades earned by enrolled students as a result of district approved study abroad programs will be reviewed by the administration and guidance officials to determine if they reflect comparable local course work requirements. If comparable, that course work will be incorporated into the transcript being noted as earned outside of the district on a pass/fail basis and will apply toward graduation requirements. Such course work will not be used in determining the student's GPA.

Students enrolled in RVA from any participating consortium school district may have different graduation requirements. Graduation requirements for students from a consortium school district will need to meet the minimum basic requirements of the RVA in combination with their consortium school board's graduation policy. All students must reference consortium school district policy to ensure all requirements are met in order to graduate and receive a diploma from their consortium school district. Specific courses and/or other graduation requirements required in a consortium district which are not available to be taken through the RVA, can have equivalent substitutes approved with the permission of the consortium school counselor and/or administration. If schedules, class size and other factors allow, specific courses can also be taken in-person within the consortium school district.

The RVA Principal or their designee shall be responsible for the general supervision and management of the graduation policy. The RVA Principal or their designee shall determine whether a student has satisfied the criteria in this policy. RVA high school graduation decisions may be appealed to the district administrator of the consortium district or to the RVA Administrator for all RVA students attending through open enrollment or who are residents of the MAPSD. In the event that there is a disagreement regarding the procedure followed to determine the student's eligibility for a diploma, it may be appealed to the RVA Governance Board for a final determination.

Hello,

I regret to inform you that I just accepted a new job today (2/19/2024), and will be working in Wausau starting in March. Due to this new job I will no longer have the availability/flexibility to coach softball anymore. I appreciate the opportunity these last couple of years have provided and I have enjoyed coaching for the Medford athletic program.

Thanks,

Sydney Elsner
