Hey Ryan - I just found out this afternoon that I got a new job with Swiderski Equipment, a job that I went to school for. Unfortunately for coaching, the job hours are from 8 AM-5 PM. As much as I love coaching and don't want to give it up, I unfortunately will have to. One thing that is really a tough thing about it, is that the timing is really bad, as the job was only posted about a month ago. I already talked to Ryan about it, I have about six people lined up myself as a potential replacement, and have begun reaching out with Ryan.

Let me know if you have any questions. Thanks!

Matt W.

11-16-21

Dear Mr. Leonard,

Please accept this as my two weeks notice of resignation.

I had high hopes for the 2021-22 school year and it bothers me to leave these students in mid-school year, but the low wages of a paraprofessional make it impossible to complete the year.

Thank you,

RVA Charter

First Amendment Consideration

3rd Renewal Charter: July 1, 2020

Reason for Consideration of Change

When the RVA consortium was first formed in 2005, its founding consortium members wanted to provide special, related, or extended services to its students. This decision was made, in part, to keep both the determination for and the actual costs for these additional services in the consortium district. This reasoning prohibited the RVA from hiring staff for these additional services, except for to serve those children outside of the consortium and attending the RVA under open enrollment. Sixteen years later, it is increasingly more common that consortium partners want the RVA to provide all special education, related, and extended services due to the lack of staffing in consortium districts and the uniquely required skills to provide these services in a virtual setting. The RVA has started providing many of these additional services through its District Connect program. Because of this, it is recommended that this change be reflected in the charter indicating that consortium districts *may* provide their own special education, related, or extended services, but they are no longer required to do so if they are unable.

Current Language

Section 10.02 Consortium Students

Students currently residing within the RVA consortium may enroll in the RVA by contacting the RVA Office to attain enrollment instructions. Completing open enrollment applications is not necessary for students residing within the consortium districts. Students in the consortium school districts are still required to register in their resident school districts for purposes of pupil counting mandated by the Department of Public Instruction. The RVA will provide the addresses of enrolled students with the consortium district as part of the enrollment process. Enrolled consortium students who receive unique special education, related, or extended services will receive those services and maintain their IEP Team within the resident district. The RVA Administrator, Teacher, or other designee from the RVA will become a member of the child's IEP team during the time the child is enrolled in the RVA.

Change Consideration:

PROMOTIONS/SPECIALS/NEW PRODUCTS INTRODUCED

October 25th we started breakfast after the bell at MAMS and MAES. It has started off as a huge success. At MAMS grades 5 thru 8 are participating in a 10 minute break around 9:30am. We have a cart that has all the healthy components of a breakfast. The food is grab and go so the students can have easy access to eat right away. The students must take at least 3 components one being a fruit. Our daily count to date is 465 students. At MAES the 3rd and 4th grade are participating in the breakfast after the bell. The meals are bagged up ahead of time and placed in the serving area of the kitchen where the students come thru and take their bag. Each bag has all the components of a health breakfast. If a student doesn't want an item there is a share cart they can put it on for another student. This way the food doesn't end up in the garbage. At MASH we introduced 10 more additional flavored water options.

TEAM EDUCATION/TRAINING/IN-SERVICES/MEETINGS/UPDATES

The monthly cooks meeting was completed. Monthly safety training was completed which covered Handwashing and Illness Reporting.

CATERING EVENTS

Catering events included Parent/Teacher Conferences and district meetings.

OTHER

Working on labor control, production records, Inventory on hand, daily cleaning, staff training, and hiring sub positions. This year we have been experiencing shortages at Sysco who is our food distributor. We have not had to make menu changes but the shortages seem to be getting worse by the month.

It is our pleasure to serve the students at your School District!

Medford Area Public School District Board of Education (BOE) meetings are the backbone of the educational leadership pattern. It is here that educational laymen give consideration to the recommendations and reports of its executive officer, the district administrator.

The BOE may transact business only when it is in regular or special session with a physical quorum of five BOE members present. Proceedings must be recorded in meeting minutes.

It is the intent of the BOE that meetings shall be formal enough for orderly procedure but informal enough to be natural, encourage free discussion and promote critical thinking and action.

The BOE shall meet each month. Sufficient At least 24 hours' public notice shall be given as to the meeting date, time, place and subject matter in accordance with state law including consideration for any contemplated closed session. Exception for shorter notice of not less than two hours is sufficient for good cause when 24-hour notice is impossible or impractical. The notice will be given to the public, news media who have filed a written request and the official newspaper.

BOE members are expected to notify the president or district administrator if they are unable to attend a meeting.

All meetings of the BOE shall be open to the public and press, unless otherwise legally noticed. Remote participation is allowed. Refer to policy BDA for guidelines.

FILE SECTOR: BOARD GOVERNANCE &

POLICY TITLE: REMOTE PARTICIPATION
IN BOARD OF EDUCATION MEETINGS

Medford Area Public School District Board of Education (BOE) expects all individual board members to be physically present at all BOE meetings. The BOE recognizes, however, this is not always possible and special circumstances may prevent a BOE member from being physically present at a meeting.

The BOE will permit an individual member to participate in open session meetings from a remote location via technology ~~if extenuating circumstances prevent the member from being physically present at the meeting~~ based on this criteria:

- The remote participating member will be counted in the quorum requirement for the meeting and will be counted as attending the meeting.
- The remote participating member will be permitted to participate in discussion on items of business, and make and vote upon motions with a roll call vote.
- A member may not attend remotely in any closed session meeting or closed session portion(s) of any BOE meeting, any individual student disciplinary proceeding or in any disciplinary or nonrenewal proceedings involving individual employees.
- The remote participating member cannot participate in votes coming out of a closed session discussion.

Additional criteria requirements include:

- The district administrator will work with appropriate staff to identify an appropriate mode of technology that enables reliable two-way communication **and make every effort to provide meeting materials** and that satisfies the Wisconsin Open Meetings Law requirements regarding public notice and public accessibility of meetings.
- No BOE meeting may be delayed, cancelled or rescheduled solely to accommodate a member's request to exercise the privilege of remote participation. If the technology used to enable remote participation is not functioning to facilitate appropriate participation and/or there is any uncertainty regarding compliance with the Open Meetings Law, the BOE may terminate the privilege of remote participation provided there is a physical quorum, the meeting(s) in question may continue without the participation of the member(s) who are not physically present.
- When the number of individual members wishing to exercise the privilege of remote participation in any meeting exceeds the capacity of the technology that is used to facilitate remote participation, then no BOE member shall avail themselves of the privilege of remote participation for that meeting unless one or more members withdraw their request and the number of pending requests is once again within the capacity of the technology being used.

To lessen the risk that a technical limitation or technology-related problem may prevent otherwise-authorized remote participation in a BOE meeting, an individual member who wishes to exercise the privilege of remote participation in any meeting shall inform the district administrator and presiding officer of the meeting as far in advance as possible of their desire to attempt remote participation.

SCHOOL ATTENDANCE OFFICER **School Attendance Officer**

“School Attendance Officer” means an employee designated by the board of education (BOE) to deal with matters relating to school attendance and truancy.

The district administrator shall designate a person in each building of the Medford Area Public School District (MAPSD) to serve as attendance officer. This person will deal with all matters relating to school attendance and truancy.

Each building principal shall adopt specific procedures for handling absences in accordance with district attendance policies. A written copy of these procedures shall be provided for each student and/or their parent(s)/guardian(s).

Each teacher shall submit daily attendance reports to the attendance officer on all students under their charge.

Each school shall determine daily which students enrolled in school are absent from school and whether that absence is excused or truant in accordance with BOE policy and procedures and state statutes.

The district administrator, and/or the school attendance officer, may visit any place of employment in the school district to ascertain whether any minors are employed there contrary to state law. The school attendance officer shall report any cases of illegal employment to the proper school authorities and to the Department of Workforce Development.

The school attendance officer:

- Shall have access to information regarding the attendance of any student between the ages of six and 18 years who is a resident of MAPSD or who claims or is claimed to be in attendance at a private school program located in MAPSD.
- Under the discretion of the district administrator, may contact home-based private educational programs in an attempt to discover whether such programs meet the program criteria established by law. All such contacts should be documented.
- Shall release student record information to appropriate agencies for purposes outlined in state law and BOE policy.

EXCUSED ABSENCES **Excused Absences**

The responsibility for a student's regular school attendance rests upon the student's parent(s)/guardian(s).

No absence shall be recorded when a student is physically away from school because they are participating in school sponsored, and/or teacher chaperoned, field trips, co-curricular events, workshops, contests, etc.

In order for a student to be excused the parent(s)/guardian(s) must provide written verification to be submitted to the principal or attendance officer in advance of the absence, or prior to re-admittance to school. The only exception is if an 18-year old lives independently from their parent(s)/guardian(s) in which case they will be allowed to provide their own written rationale for the absence.

The school attendance officer or designee is authorized to approve a legal excuse for a student if that student is not in proper physical or mental condition to attend school or an educational program, requires medical or dental treatment which cannot be scheduled outside of the school day, or is under a quarantine imposed by a public health officer. The parent(s)/guardian(s) must submit a written statement from a physician or licensed practitioner as proof of the physical or mental condition or treatment of the student. This written excuse shall state the period of time (not to exceed 30 days) for which it is valid.

The school attendance officer or designee is authorized to approve a legal excuse for any student for the following reasons upon written verification from a parent(s)/guardian(s). A student may be excused under this provision for not more than 10 days in a school year for any of the following reasons:

- A court appearance or other legal procedure which requires the student's presence.
- A death in the immediate family or funerals for relatives or close friends.
- Attendance at special events of educational value (i.e., college visits, job fairs).
- Illness for which a medical appointment or treatment was not sought.
- An emergency in the family or other crisis which requires the absence of the student because of family responsibilities.
- Religious holiday.
- Special circumstances that show good cause and which are approved by the school attendance officer or designee.
- Serving as an election official.

Make-up Assignments and Examinations for Excused Absences

All students with absences shall be given the opportunity to make up examinations and work missed in accordance with the guidelines outlined below. Credit in a course or subject shall not be denied solely because of a student's truant absence from school.

It is the student's responsibility to contact the teacher(s) to make arrangements for making up work missed during an absence from school. Students have the obligation to obtain understanding, and retain for future reference and use, all materials presented during their absence.

- Students who are absent from school with the prior written permission of their parent(s)/guardian(s) are required to make up work missed during the absence. Students shall obtain this make up work from their teacher(s) before the absence. The arrangements for making up course work and examinations shall be the same as for other excused absences.
- Students who are absent from school for reasons that are determined to be excused by the school attendance officer or designee shall be given the opportunity to make up work missed when they return to school. The respective teacher shall identify make-up work. If any question arises as to the appropriateness and/or feasibility of making up a particular assignment, the teacher shall discuss with the building principal, the extent to which make-up work and/or substitute assignments are possible. A student has one day to make up work for each day absent. The principal or designee has discretion to extend make-up opportunities if warranted by extenuating circumstances.
- Examinations missed during an excused absence shall be taken at a time mutually agreed upon by the student and the teacher as outlined in the student handbook.

Under this provision, after a student has missed 10 days in a given school year, they may be required to provide a medical excuse from a physician for future absences to be excused. If no medical documentation is provided, the absence may be considered truant.

TRUANT ABSENCE **Truant Absences**

“Truancy” means any absence of part or all of one or more days from school during which the school attendance officer, principal or teacher has not been notified by the parent(s)/guardian(s) of the legal cause of such absence of the student. This also means intermittent attendance carried on for the purpose of defeating the intent of the state attendance statutes (118.15).

Students who are absent without an acceptable reason shall be considered truant.

The school attendance officer, or designee, shall notify the parent(s)/guardian(s) of the student's truancy and direct the parent(s)/guardian(s) to return the student to school no later than the next day on which school is in session or to provide an excuse. The notice under this paragraph must be given before the end of the second school day after receiving a report of a truant absence. The notice may be made by personal contact, mail or telephone call of which a written record is kept. Notice by personal contact or telephone call shall be attempted before notice by mail is given.

Make-up Assignments and Examinations for Truant Absences

All students with truant absences shall not be given the opportunity to make up work missed with the exception of the following:

- Credit in a course or subject shall not be denied solely because of a student's truant absence from school.
- Students with truant absences shall be permitted to make up major examinations (quarter, semester or grading period). Examination make-up date(s) shall be determined by administrator/teacher discretion. Students in these circumstances shall be prepared to make up exams within the number of days absent or a grade of zero may be recorded.
- A student will receive a zero for class participation for all classes missed if participation grades were given the day the student was absent.

~~HABITUAL TRUANT~~ **Habitual Truant**

"Habitual truant" means a student who is absent from school without an acceptable excuse for part or all of five or more days on which school is held during a school semester.

The parent(s)/guardian(s) of a student who is a habitual truant shall be notified by certified or registered mail when the student initially becomes a habitual truant. The notice shall include the following:

- A statement of the parent's/guardian's responsibilities under state law to cause the student to attend school regularly.
- A statement that the parent(s)/guardian(s) or student may request program or curriculum modifications for the student and that the student may be eligible for enrollment in a program for students at-risk.
- A request that the parent(s)/guardian(s) meet with appropriate personnel to discuss the student's truancy. The notice must include the name of the school personnel with whom the parent(s)/guardian(s) should meet, a date, time, and place for the meeting, and the name, address and telephone number of a person to contact to arrange a different date, time or place. The date for the meeting must be within five school days after the date that the habitual truancy notice has been sent to the student's parent(s)/guardian(s). The date for the meeting may be extended for an additional five school days, with the consent of the student's parent(s)/guardian(s).
- A statement of the penalties under state law and county ordinance that may be imposed on the parent(s)/guardian(s) if they fail to cause the student to attend school regularly as required by state law.

A referral may be brought against a student for habitual truancy or against their parent(s)/guardian(s) for failure to cause the student to attend school regularly. The school attendance officer shall provide evidence that appropriate school personnel have, within the school year during which the truancy occurred, attempted all of the following:

1. Met with the student's parent(s)/guardian(s) to discuss the student's truancy or attempted to meet with the student's parent(s)/guardian(s) and received no response or were refused. This does not apply if the required parent(s)/guardian(s) meeting is not held within 10 school days after the date the habitual truancy letter was sent.
2. Provided to the student an opportunity for educational counseling to determine whether a change in the student's curriculum would resolve the student's truancy, and have considered curriculum modifications possible within the current school program.
3. Evaluated the student to determine whether learning/emotional problems may be a cause of the student's truancy and, if so, have taken steps to overcome the learning problems. The student need not be evaluated if test administered to the student within the previous year indicate that the student is performing at their grade level.
4. Conducted an evaluation to determine whether social problems may be a cause of the student's truancy and, if so, taken appropriate action or made appropriate referrals to community agencies.

Items 2-4 above do not apply if the school attendance officer provides evidence that appropriate school personnel were unable to carry out the activity due to the student's absences from school.

All of the above will be documented by the attendance officer and the student's counselor and

made available for the court.
