DATE REVISED: POLICY TITLE: UNMANNED AERIAL
VEHICLES ON SCHOOL PROPERTY

The policy for Unmanned Aerial Vehicles (UAVs) or drones focuses on public safety and the facilitation of event planning and administration. The use of drones/UAVs for any purpose may be permitted at outdoor events only, provided the following conditions and requirements are satisfied:

- A. Drone operation at events requires Certificate of Authorization (COA)—or the necessary 333 Exemption—as issued by the FAA when required by law, advanced written consent (at least 24 hours) from the WIAA executive office, as well as approval of host facility event management.
- B. A signed agreement holding the ownership and operators of event facilities and the District harmless from any claims of harm to individuals or damage to property. In addition, UAV operators must provide event management proof of insurance with liability limits of not less than \$1 million that identifies the WIAA and its member school as additionally insured.
- C. UAV controllers must maintain line of sight at all times during operation and are prohibited from flying UAVs over playing surfaces, seating and spectator areas where and when people are present, as well as event parking areas where and when people and vehicles are present.
- D. UAV controllers and their employers are responsible for ensuring operators are trained in the use of the drone that they operate. UAV operators must be aware of the risks that include, but not limited to, personal injury and property damage caused by the UAV as a result of weather, operator error or judgement, and failure of device systems and equipment.
- E. When recording or transmitting visual images, UAV controllers must avoid areas reasonably considered private in accordance with social norms. These areas include, but are not limited to, restrooms, locker rooms, individual residences and health treatment rooms. In Wisconsin, it is a misdemeanor to use a drone to “photograph, record, or otherwise observe another individual in a place where the individual has a reasonable expectation of privacy.” (Wis. Stat. §942.10).

Medford Area Public School District shall refuse admission to any individual or group attempting or intending to use a UAV without authorization. Event host managers are authorized to suspend play, if necessary, to remove and confiscate any authorized or unauthorized use of a UAV in prohibited areas during events. Failure to follow this policy may result in District sanctions, as well as local, state and federal penalties if applicable. This policy will be updated as deemed necessary to reflect changes in administrative policies, as well as federal, state and local regulations.

- District Staff approval
- Venue host administration approval
- Proof of insurance as required by this policy

5.8 Summer School Pay

The board shall pay \$23.00 per hour for summer school pay except for those professional staff grandfathered at a higher rate of pay.

5.9 Mentor Pay

Teachers who are assigned to serve as a mentor will be compensated at a rate of:

- Instructional mentors will be paid \$1,000 per year.
- Curriculum mentors will be paid \$600 per year.

~~First (1st) year mentor will be paid \$820.00 per year and after the first (1st) year will be paid \$515.00 per year.~~

5.10 Evaluation of Professional Staff – Policy AFC

The Medford Area Public School District Board of Education directs the district administrator or his/her designee and the administrative staff to develop evaluation procedures and techniques. Evaluations shall be conducted in accordance with state law and district procedures.

All professional staff will be evaluated annually during the first three years of employment and at least once every three years thereafter.

Administrators may request that a professional staff member not complete summary year requirements annually for the second and/or third years of employment. This request must be approved by the district administrator and the board must be informed prior to the start of the school year.

All teachers who are considered “proficient” on the TeachScape evaluation will receive the district percentage increase. Any teacher on a plan of improvement will be frozen until they are off the plan.

5.11 Educational Credit Reimbursement and Advancement Plan

The District shall reimburse a maximum of three credits per school year at a rate up to \$125.00 per credit for graduate course work which applies to a program that is relevant to an educational certification as recognized by DPI licensing. In addition, each National Board component completed is equal to three credits and will be reimbursed at the same rate per school year. All course work must be previously approved by the District. Any duplicate or nearly-identical credentials and/or degrees which have already been completed or earned by the professional staff member will be denied.

A teacher who finishes their master's degree will move over three cells on the salary schedule, one time, per master's earned. Official transcript showing degree and date earned must be submitted to the district office by September 1 for a pay adjustment that will begin with the first pay installment of the school year or February 1 for a pay adjustment that will begin the first pay installment in March.

A teacher who earns their National Boards for Professional Teaching Standards (NBPTS), Wisconsin Master Educator Assessment Process (WMEAP) or a Doctorate degree, will move two cells each year per the salary schedule guidelines and examples until they reach the end of the salary schedule.
