Career you would like to investigate: \_\_\_\_\_

If known, WHO is the specific person/business locally that you would like to shadow?

*It is important that you have some background of what you will be experiencing firsthand. It will also help you feel more comfortable, and give you a basis for conversation. Please use the career resource "Xello" that is on the student services website to answer a few questions and get some background information about the career.*

What type of education, tests, or licenses are needed to get into the career?

What are the working conditions? This includes work setting, hours, amount of travel, and other responsibilities related to the job.

What kind of physical or mental skills are necessary for the job?

What is the current demand for people in this career?
