DATE REVISED: October 31, 2016	

Medford Area Public School District Board of Education requires the district administrator to establish clear understandings on the part of all personnel of the working relationships in the school system.

Lines of direct authority shall be those approved by the board of education.

Personnel are expected to refer matters requiring administrative action to the administrator to whom they are responsible. That administrator shall refer such matters to the next higher administrative authority when necessary. Additionally, all personnel are expected to keep the person to whom they are immediately responsible informed of their activities by whatever means the person in charge deems appropriate.

Established lines of authority will serve most purposes. All personnel shall have the right to appeal any decision made by an administrative officer through grievance procedures established in board of education policy.

Additionally, lines of authority do not restrict in any way the cooperative, sensible working together of all staff members at all levels in order to develop the best possible school programs and services.
