In order to have consistency in the operation of various co-curricular organizations in the Medford Area Public School District (MAPSD), the following rules shall apply to all parties, banquets and other events sponsored by co-curricular organizations:

- The activity, date and site must be approved in advance by the building principal and/or activities director before any commitments are made by the organization.
- Coaches/advisors are required to inform parent(s)/guardian(s) and athletes in advance of the date of the banquet.
- Once the site for an activity has been set, it becomes an extension of the school, and school rules shall apply. Advisors and/or coaches shall inform students and parents/guardians of the rules governing the activity in advance.
- If a banquet or other event is held at an establishment where alcohol is served, alcohol will not be consumed by anyone associated with the banquet or event in the dining area once the event has started.
- Students and parents will be informed that it is against school policy for a student to consume, possess, distribute, or use alcohol or tobacco products at a school function even if a parent purchases the product.
- No awards will be announced or given out before the banquet or event. A list of the awards must be given to the activities secretary at least one week prior to the event so the awards may be prepared.
- Fundraising drives conducted in the name of a school organization require the building principal's authorization and are subject to MAPSD's fundraising policies and procedures.
