In order to have consistency in the operation of the various clubs, athletics, and other organizations in the Medford Area Public School District, the following rules shall apply to all parties, banquets, and other events sponsored by clubs, athletics, and/or other organizations:

1. The activity, date, and site must be approved in advance by the building principal before any commitments are made by the organization.
2. Fund raising drives conducted in the name of a school organization require the building principal's authorization and are subject to the Medford Area Public School District's fund raising policies and procedures.
3. Once permission is granted for an activity, the responsibility rests solely with the advisor(s) and or coach(s). This responsibility cannot be delegated to anyone not associated with the school.
4. Once the site for an activity has been set, it becomes an extension of the school, and school rules shall apply. Advisors and/or coaches shall inform students and parents of the rules governing the activity in advance.
5. If a banquet or other event is held at an establishment where alcohol is served, alcohol will not be consumed by anyone in the dining area once the event has started.
6. Students and parents will be informed that it is against school policy for a student to consume, possess, distribute, or use alcohol or tobacco products at a school function even if a parent purchases the product.
