DATE REVISED: December 15, 1994 POLICY TITLE: STUDENT VOLUNTEERS
DATE REVISED: May 16, 2002 FOR SCHOOL AND PUBLIC
DATE REVIEWED: October 27, 2008 SERVICES
DATE REVIEWED: June 18, 2015

The Medford Area Public School District Board of Education encourages the use of student volunteers to enhance the educational program (e.g. student librarians, student tutors, student office helpers, etc.) and in community services. Student volunteers will be expected to maintain their grades, attend all classes, and recognize that the activity to which they are volunteering their services is secondary to their primary goal of obtaining an education.

Staff and members of the community are encouraged to check with the student's guidance counselor and/or the principal before the student is sought for volunteer help to make sure that the student is able to maintain his/her academic standing while undertaking the additional responsibility of volunteer work.
