## How to fill out the Transcript Release Form

1. Fill out the top information. If you are under 18, you must have a parent/guardian signature to release your transcript. If you are over 18, parents/guardians CANNOT request a student's transcript. In this case the student needs to request his/her own transcript.
2. Check Boxes
  - a. The first box is if you plan to apply to multiple schools or apply for multiple scholarships. Check this box so you are covered any time you need your transcript sent. Universities and scholarships are not kind about missed deadlines; do not let having the transcript release on file hold up your application.
  - b. The second box is for test scores. Many schools accept test scores on transcripts which may save you money, time, and contacting the testing company. If you are unsure about releasing your test scores, contact your counselor.
  - c. The third box is if you request a PDF copy of your transcript. To expedite your college application it is recommended to upload your transcript digitally during the college application process. If you have any questions about this process please contact your counselor.
3. Please return the completed form to Mrs. Fuchs in Student Services.  
fuchsle@medford.k12.wi.us

Note: Your High School Transcript includes the list of courses taken, grades received, class rank, grade point average, test scores, attendance records, date and place of birth, parent's names, and address.
